TODAY'S NATIONAL HOLIDAY

Each day, over 500 million children, teens and adults around the world do not have a pair of shoes to wear, and despite the terrain and the climate, they have to walk barefoot everywhere. Having to live a daily life without protection on your feet can lead to a lifetime of problems including pain, injury, cuts, sores, infections, parasites. National Shoe The World Day is a day created to bring awareness, to everyone across the nation, of the incredible need to help those people around the world that do not have shoes to wear and then to take action in helping.
