Question about senior portraits, can seniors get a free copy? Suggested contacting yearbook photo as everyone uses the same person and there are no free copies offered through current provider.

**Guest Speaker** - Principal Ryan Johnson - "Working With Your Teen." Research Brief on Brain-based Learning, What does research say about how adolescents learn? Discussed importance of listening and how your teenagers really DO want you to listen. Teens also use other adults to validate the things you say. Being open-minded, reacting genuinely with genuine listening without criticizing and/or blaming. Use "I" statements and make conversation with them routinely. PBS "Frontline" did an excellent documentary on the teen brain. Additional resources can be found at <http://www.educationpartnerships.org/>
